Mr Andrew Smith, Planning Officer
Lake District National Park Authority
Murley Moss

KENDAL.

Dear Sir,

Planning Application Church Road -7/2017/5313
Proposal – Residential Development with all matters reserved except for access location; Land to the North of Church Road, Witherslack.

The members of Witherslack, Meathop and Ulpha Parish Council have further considered the revised proposed layout and location plan for the above application, and note that the site plan has been redrawn, with the same number of houses (7) and parking spaces for 21 vehicles, with the access changed from the field gate to the driveway of Rocklea.

We would ask that our previous objections outlined in our letter dated the 11th June 2017 under the headings of:-

Location of the proposed site & Impact on the Neighbourhood, be taken into consideration for this application as we see no material change in the overall implications of the application.

We were pleased to finally see the report from Ali McDonald which discloses the response from Highways and LLFA, which reiterates the Highway Dangers and Surface Drainage concerns the Parish Council have had since this site was first identified.

We hope the Planning Committee take the opportunity to visit the site before coming to a decision.

Yours faithfully,

Kevin M Price

Kevin M Price.
